- 2 Work Smarter with PULSE!**
- 2 Upcoming Indiana Regional Conference**
- 3 New Employees Spotlight!**
- 4 Upcoming eTraining Class Schedule**
- 5 Update on New Software Releases**

Ohio Regional Conference Recap

By Dennis Boccardi, Customer Services Manager - dennisb@agvantage.com

Thanks to all of our customers who attended! We had two full days of covering AgVantage Edge, everything from getting started with the customer portal to wrapping up the second day with Energy classes. The first day we really covered the accounting side of the software, from setting up your customers to getting them invoiced in Edge Invoicing. After lunch we covered Inventory processes like entering, editing and deleting Inventory Receivers. We wrapped the day up with CRM and POCKET and finished with a quick Q and A session. The interaction and customer questions throughout the day really kept things moving!

To start the second day Karen Tidd lead us through the grain package and we rolled right from there into the Feed program with Kristi Wendricks. We wrapped up the morning session with Edge Agronomy with Terri Schwarzrock giving us "what's new" in that package. After a quick Taco lunch, I rolled into Edge Seed and I had to cut myself off so we could wrap up with Megan Tracy and finish the day with two great Edge Energy sessions.

Thanks to all our customers who were able to attend, we appreciate the opportunity to see you all in person. These sessions give us a chance to meet and see new faces, and help create those special relationships with our customers. We'll also be hosting our last Regional Conference at the end of February in Indiana. See our website and page 2 for more details.

Thanks
Dennis Boccardi

"...last Regional Conference at the end of February in Indiana."

Work Smarter with PULSE!

By Jason Schneider, Customer Communication Specialist - jasons@agvantage.com

Hi! I'm Jason Schneider. Your Customer Communication Specialist at AgVantage. I have spent most of my 11 years at AgVantage supporting our PC Products, introduced you to our CRM program, I manage our website, and assist with our User Conference in June. Outside of work I stay busy by trying to keep up with whatever my two children (ages 6, 8) are up to – currently basketball, football, fishing, dance, unicorns, and school. When I get a spare minute to myself I like to be active, golf, and explore new things.

It is part of my job to give you the tools and information to better do your job. Our latest tool PULSE does exactly that. PULSE stands for Product Update Listing and Service Enhancements and if you've ever wondered what's new in the programs you are working in, PULSE is where you need to go to find that information. It's filtered by package, written in detail, and is updated weekly. Because we are constantly updating our EDGE Products with a ton of updates every single week, checking PULSE regularly is the only way to make your job easier and to stay on top of our latest and greatest features and enhancements without falling behind.

Not only will you want to check PULSE for the latest product updates, but go there to see any AgVantage Software related Announcements as well – newsletter updates, training schedules, system maintenance schedules, holiday hours, conference information, and any other important information we may need you to know.

PULSE contains information that can change the way you work. Don't miss out on something this easy to find. Access it with a click of a button in the main black menu bar of EDGE.

Meet Jean Groskreutz & Rachel Weinberg!

My name is Jean Groskreutz. I have been married to Neil for 46 years, and he is a farmer (just crops no livestock). We have one son, Adam, and daughter-in law Jodi. We have 3 wonderful grandkids! Wyatt will be graduating this year from high school, Mallory is a 7th grader, and Alayna is 6th grader.

I Graduated from Mankato State University with a degree in Accounting, and after that, I passed the CPA board.

I recently retired from working full time at Central Farm Service.

My hobbies include quilting and reading mystery books.

My name is Rachel Weinberg. I am joining AgVantage software as a Customer Service Specialist for Grain. I graduated from Northwest Missouri State University in 2014 with my accounting degree and again in 2016 with my MBA. Since then, I've been working in agribusiness accounting starting with the swine industry and then moving to a local grain elevator.

I live in Warsaw, Illinois with my four fish surrounded by my house plant and succulent obsession. I spend a lot of time chasing my cousins around to ball games ranging from little league to college JV. My hobbies include counted cross stitch, diamond painting, sewing all sorts of projects, and traveling.
