Subject: Kudos to AgVantage Support

I want to express my appreciation for the people that support the AgVantage product. They are friendly and professional and from having been a support tech in the past I know it is genuine. I know it is not an easy job. I appreciate the timely responses and I have a lot of respect for all of them.

I am so grateful to all involved for responding so quickly. I had visions of trucks lined up at the scale waiting for bill of ladings and a flood of calls from all our users that work in Counter Invoicing. Thankfully none of my fears were realized.

Thanks again to everyone.
