- 3 New Employee Spotlight!
- 4 Update on New Software Releases

## 2021 AgVantage National Conference is really going to “Shake It Up”

By Lisa Sick, VP Marketing & Conferences - [lisas@agvantage.com](mailto:lisas@agvantage.com)

We hope you are ready to “shake it up” at your office and your home as we are ready to come together safely for our 2021 National Conference! Even though we have hosted 35 years of AgVantage Conferences, this 36<sup>th</sup> one is going to be one of the best yet!

The agenda has tracks for every part of your business: Grain, Energy, Seed, Agronomy, Feed, IT, Accounting, and Management. The outstanding keynote speakers are sure to touch you on a personal level. This is a premier event where you can engage with other agribusinesses and learn from your peers. It is not just informative but impactful and can bring new in-site to your business and your life.

Registration is now open on our website [www.agvantage.com](http://www.agvantage.com).

1. Preview the session details and times by clicking on [View the Conference Agenda](#).
2. Register for in-person attendance or live stream attendance.
3. Pick tickets for one or more days, you need a ticket for access to each day you plan to attend.
4. RSVP for the evening events, if you are bringing a guest, and if you have any dietary restrictions. (Covid restrictions require all meals to be served to you, so we need accurate numbers).
5. Click on the [plus sign](#) next to each session you will attend each day listed across the top. Use the filter to see the tracks mentioned above. (We have to limit class sizes due to covid restrictions, so please sign up for the sessions you plan to attend). To see the session details, use the [Show more](#) button under each session. Accept the terms and click [Register](#) when complete.

“Registration is now open on our website [agvantage.com](http://agvantage.com)”

Once you register online, you will receive a confirmation email from Attendify. From that email, you can click on **View Sessions** to edit your sessions, or **View Ticket** to see and print or download your ticket to your phone wallet. Please **BRING YOUR TICKET** with the QR code on it for easy touch free registration at the conference.

Prior to the event, you will receive an email from Avex (our Video Production Company) with your access code to each day that you are registered for. Those of you attending remotely via our Live Feed will use this.

Even though this Attendify registration app says Free, there is a fee for attendance to this conference. These fees are discounted if you register before May 14, 2021. You do not need to pay online, we will bill you for registration; that way we can account for any AgVantage Dollars, AgVisor funds or volume discounts you qualify for.

We want as many people to attend as possible, so we are offering discounts on group registrations on top of the early registration discount. The more you spend, the more you save. You can see those volume **discounts on our web page**.

Some of the covid restrictions that are in place today may change by June, but we are adhering to these rules to keep you safe while enjoying being together. Thank you for your cooperation.

**We hope to see you soon!**

## Brady Becker

My name is Brady Becker. I grew up in and graduated from High School in Hayfield MN. After graduation, I moved on to Rochester Community and Technical College to play golf for 2 years. After RCTC, I went to Mankato State University to work towards a college degree. I stayed in Mankato State for one year and then transferred to Winona State University – Rochester, where I graduated with an Associate Degree in Computer Science.

My family includes my Mom, Dad, and myself. Some of my hobbies include golf, motocross, camping, hunting, and fishing. Every year, since I have been 6 years old, my family takes a trip in June to Canada for fishing, up until last year because of the border being shut down. On the weekends you can either catch me on the golf course or at the motocross track.

## Update on New Software Releases

By Dave Hammond, VP Programming - [daveh@agvantage.com](mailto:daveh@agvantage.com)
