January 2021

INSIDE THIS ISSUE

- 1 Leadership—What do YOU think?
- 4 2021 National User Conference—Save The Date!
- 5 2020 Christmas Week Costume Winners!
- 6 Update on New Software Releases

Leadership—What do YOU think?

By Michelle Blomberg, President/CEO - michelleb@agvantage.com

To kick off the new year, I decided to shake it up a bit and write a newsletter article from YOUR perspective. I asked several customers a few questions. One was related to this past year and how it affected them personally and professionally. I loved getting to read stories that my business partners, some of who I would define as friends, wrote to me of their lives and how one single year had such an impact. Many stories included loss of loved ones and others on how it brought their family even closer together. Some wrote of looking forward to a time when what we've learned from this past year will morph together with our "old" ways to become even more innovative.

I also asked them to rank "Building Business Relationships" from one to ten and got some very in-depth answers to that one. Of course, most put it up at a 9 or 10. One customer said, "My whole career, I have felt the majority of my success has come from partnering with the right businesses that link me to markets that are much bigger than I could get to alone. And then hire

the best people I can find and train them to do nothing but add value to every customer we have. I have always tried to set the culture of 100% customer focused and then traveled wherever I needed to build relationships so someday, I can hand the "keys" to company over to someone I trust."

I asked them what their favorite part of AgVantage is, but I'm going to save that for next month's newsletter, as it's really my favorite question – to hear what you think of our company.

So, for today's article, the other question I asked was, *"If given only one word, which one would you chose when defining 'Leadership'?"* This is the same question I asked of the AgVantage team a couple years ago and have some of those answers to share too. I hope you enjoy this as much as I did and thank you to those that sent me your responses.

Roger, CEO Ursa Farmers Coop: **Empathy**

Matt, CEO of New Vision Coop: **Expectations**

Kim, Controller of United Quality: **Respect**

Merlyn, CEO of Central Farm Services Coop: **Stewardship**

Tammy, VP of Member & Corporate Relations of Sunrise Coop: **Accountability**

Jeff Brandenburg, CPA of Clifton, Larson, Allen and Gary Anderson, Controller of Skagit Farmers Supply: **Trust**

Jolie, IT Manager of Premier Companies: **Compassion** (without compassion leadership is just a boss doing what he/she believes to be best for himself/herself).

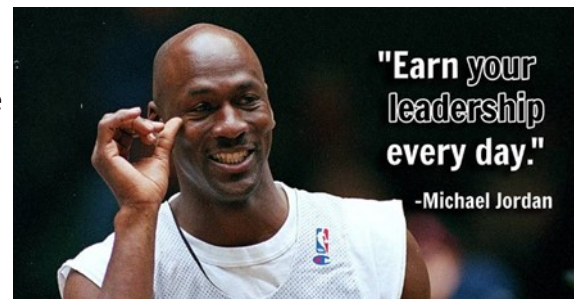

Mark, CEO of Legacy Farmers Coop: **Influence**

Scott, CEO of Hanley Falls Farmers Coop: **Care**

Jamie, IT Systems Manager of Legacy Coop: **Patience**

Claudia, Finance Manager of Envision Coop: **Guidance** – our leaders are the ones that help give us guidance and direction. They help the team know what “the plan” is for moving forward.

George, CEO of Sunrise Coop: **Communication**

I love this question because each of us, especially in today's climate of such diversity amongst people and the opinions of so many topics, we tend to think people are going to answer the same. That we're all the same. But it never is the same. In this case, 13 people answered this question and only 2 answered the same. And even in our own lives, our answer may change, depending on what's going on in our lives around us. For example, if one day, you had an experience working with a leader who lacked empathy, you may be affected so much by that loss that it now becomes your top definition. Or you may have a time when someone you're working with is a great communicator and it makes you realize how important that is to your success. Whatever your latest experience may lead to your answer to the question.

What one word pops into your mind when you hear the word "Leader"?

- Jerome – Honest
- Theresa – Strong
- Dave S – Visionary
- Lori – Brave
- Tim – Communication
- Dave H – Responsibility
- Kristin – Trust
- Lisa - Integrity
- Paul - Charismatic
- Theresa - Stability
- Chuck - Team
- Kristi - Confident
- Jason – Courage
- Michelle B - Humble

Great Culture creates Great Success

A couple years ago, I asked this same question to the AgVantage team, and I got very few answers that matched. Each one of their answers may have been influenced by their latest experiences, or they may have had that answer their entire life.

When I was a child or young adult, I don't think I spent much time thinking about leadership. However now, as a new year kicks off, I'd like to put in my own two cents worth on the question and with that, I can't help but go right to my brother Dave. My single word that defines leadership is **Humble**.

My brother, 2 years my senior, who passed away at the age of 53 coming up on 5 years this March, will always be my model of leadership. He joined the Air Force at the age of 18 and spent the next 35 years learning to fly jets, getting his master's in engineering, leading squadrons of pilots, or assisting Air Force generals with technologies. And every single person I met that knew my brother, had so much respect for him and considered him their favorite leader. When I'd ask them why, they'd all say simply, **"because he treated me like I was the only person in the world and was the humblest human I've ever met"**.

Now, in a leadership position myself, I have Dave as my role model, along with my parents, many of my colleagues and friends, and several people I don't even know but like what they represent. I consider the people at AgVantage all leaders, because even if their titles do not indicate a leadership role, every single one of them possesses the qualities that make up a great leader. They make me so proud.

Thank you for reading and also to those that sent me your responses. Stay tuned next month for an article related to the responses I received to the question, **"What's your favorite part of your relationship with AgVantage?"**.

Thank you for your continued business. Kicking off our 45th year of business, I realize you have many choices for software providers. I will do my best, each and every day, to assure your happiness in your choice of AgVantage[®] Software as your Agri-Business Accounting system.

Save the Date for our 2021 National Conference!

By Lisa Sick, VP Marketing & Conferences - lisas@agvantage.com

Save the Date: June 16-18, 2021

We are planning to "Shake it Up" at our 2021 National Conference at the Mystic Lake Casino in Prior Lake MN on June 16-18, 2021. This is a hybrid event so you can attend in person or remotely via our live feed. We would love to have you back with us in-person as we know the importance of human interaction and the value of face-to-face discussions. We also offer live video feed for more of your team to attend remotely. We want everyone to participate one way or another.

There is so much to share, plan now to attend!

If there are specific topics you would like to see on the agenda, and if you would be willing to join us on a topic as a Customer Resource, please email that information to me at lisas@agvantage.com

Safety first. Mystic Lake Casino Hotel has done a great job following enhanced sanitizing protocol throughout the facility. Once you arrive, you can stay right on this property for eating, entertainment, golf, spa, and lodging, no need to leave. They are taking additional measures to ensure the health and safety of guests and team members. The hotel is following these enhanced cleaning techniques in guestrooms, meeting rooms, hallways, and the casino:

- Using high-grade disinfectants to sanitize touchpoints such as tables, chairs, doors, handles, knobs, countertops, faucets, sinks, TV remotes, tablets, thermostats, light switches, hangers, etc. They regularly disinfect high-touch areas in the guestroom corridors as well.
- Games, restrooms, lobbies, and other high traffic areas are disinfected frequently. All blackjack chips are sanitized with **PermaSafe**, a treatment that kills 99.999% of bacteria and viruses and provides continuous long-term antimicrobial protection.
- Face mask usage is required for all guests and team members.
- Sanitizing stations are available upon entry and spread throughout the property.

We have hired two outstanding keynote speakers for the opening sessions on Wednesday and Thursday. We are planning an awesome boat cruise for Thursday night.

I will share more exciting news on these events next month.

Above: Favorite Farm Animal Day—Pat (chicken) & Karen (Sheep)

Right: Holiday Spirit—Dawn

Below: Comfy Day—Fenix (Elise's son)

Above: Ugly Sweater—Dylan & Bridget

Below: Favorite Movie Character—Mary Jo from Grumpy Old Men

Happy 2021 From the whole
AgVantage Team!
